EXPLOSIVES—FIREARMS OR AMMUNITION

RADIOACTIVE MATERIAL

FLUORESCENT TUBES

HIGH PRESSURE COMPRESSED GAS CYLINDERS

FREON 11 AND 12

BIOLOGICAL, INFECTIOUS OR MEDICAL WASTE

LATEX PAINT

HOW TO DISPOSE OF LATEX PAINT

Small quantities may be safely disposed of by allowing the liquid to evaporate. Place the container in a sheltered, secure outdoor area, away from flames, children and pets. Open the lid and allow the paint to dry. Discard the hardened cans in the trash.

Green County

CLEAN SWEEP

A hazardous waste disposal program for Gree County residents, farmers and businesses

May 1 - October 31

Green County Landfill
W2002 County SS
Brodhead

Dispose of hazardous materials from 7:00 a.m. - 3:00 p.m. Monday through Friday and 8:00 - 11:30 a.m. on the First Saturday of the month

Clean Sweep

Green County's Permanent Clean Sweep Collection site presents farmers, & home owners with the opportunity to dispose of old, banned, or unwanted chemicals. Small business owners can also dispose of hazardous chemicals at a reduced cost.

Hazardous Materials for Disposal

Waste chemicals include any type of weed, insect, fungus or rodent killers, but also include sanitizers and other chemicals. Pesticides become wastes when they can no longer be used. Hazardous waste materials include banned products, products damaged by moisture, contamination or outdated products.

Handling Hazardous Materials

- Leave all materials in their original containers.
- Do Not mix the contents of different containers.
- Securely pack materials in a plastic lined container before transporting.
- Keep the hazardous material away from children and animals disposed.

UW-Extension provides equal opportunities in employment and programming including Title IX & ADA.

General Guidelines

Disposal and Testing Fees

Agriculture Products
Farmers can dispose of up to 200 pounds of Ag chemicals for free. Actual disposal costs may be charged for amounts over 200 lbs.

Household Products
Homeowners will be able to dispose of up to 50 pounds for free. Actual Disposal costs may be charged for amounts over 50 lbs.

A testing fee may be charged for unknown chemicals if amounts are greater than 5 gallons or 50 pounds.

All fees must be paid by cash or check at the time of disposal

- Proof of Green County residency required.
- Participants with more than 50 pounds of household products or 200 pounds of agricultural products must pre-register by calling the Green County Landfill at 608-897-8605 before bringing their materials
- All items should be properly identified.
- We reserve the right to reject any item that does not meet the intent of the program.
- Funding for this program is limited and the program will be suspended when the annual allocated funds are depleted.
- Materials will only be accepted by authorized personnel during normal business hours from May1 through October 31.

Business Collection

Small businesses needing to dispose of hazardous materials may do so for a fee by working through Veolia Environmental Services. If materials are brought to the landfill site on days of normal scheduled pickup by Veolia the cost will be reduced for the business as they will not have to pay the normal mobilization fee for pick up.

Businesses must call the Green County Landfill at 608-897-8605 for pre-registration information. Veolia Environmental Services will then provide businesses with a free non-binding price quote for disposing of the hazardous materials.
